

AI & Design Daily Digest

2026-08-28 | Powered by Gemini API + GitHub Actions

EXECUTIVE SUMMARY

- **Executive Summary:** AI & Design Research (August 28, 2026)
- **Expanded Claude Code Capabilities:** Version 2.1.247 introduces a `/claude-api cost-optimize`` tool and enhanced MCP server connectivity, enabling more efficient tool utilization and lower operational costs for AI-driven development.
- **Integrated Research-to-Development:** Dscout has launched an MCP server that bridges user research and coding, allowing teams to trigger studies and ingest participant feedback directly into AI coding agents like Claude, Codex, and Figma Make.
- **Infrastructure for AI-Generated Code:** Harness has introduced a new source code management system purpose-built for high-volume AI output, featuring native AI code review and specialized security permissions scoped specifically for autonomous agents.
- **Enhanced Figma AI Accessibility:** Figma has significantly boosted the value of its AI add-on subscriptions, providing a 2x increase in credits for Professional users and a 1.6x increase for Organization and Enterprise accounts at no additional cost.

SECTION 1 — NEW AI MODELS

No new items found

SECTION 2 — DESIGN-TO-CODE

[Dscout Launches MCP for AI Workflow Feedback] | [August 27, 2026] | [<https://www.dscout.com>] | [Dscout released an MCP server that allows teams to launch research studies, capture participant feedback, and generate summaries directly within AI coding agents like Claude, Codex, and Figma Make.]

[Harness Launches Agent-Ready Code Repository] | [August 27, 2026] | [<https://www.harness.io>] | [Harness released a new source code management system designed specifically for the high volume of code generated by AI agents, featuring native AI code review and agent-scoped security permissions.]

SECTION 3 — AI IN UI/UX DESIGN

[Figma AI Credit Add-on Expansion] | [2026-08-25] | [<https://help.figma.com/hc/articles/41434040102551>] | [Figma increased the number of AI credits included in add-on subscriptions (2x for Professional, 1.6x for Organization/Enterprise) at no additional cost.]

SECTION 4 — AI WORKFLOWS & AUTOMATION

****Claude Code v2.1.247 Released**** | 2026-08-27 | [Link](https://developersio.dev/claude-code-v2-1-247-major-updates-addition-of-claude-api-cost-optimize-tool-and-sonnet-5-auto-compact-1m-upgrade) | This update introduces the ``/claude-api cost-optimize`` tool and improves connectivity awareness for MCP servers, ensuring Claude correctly identifies tool availability during sessions.
