

AI & Design Daily Digest

2026-07-14 | Powered by Gemini API + GitHub Actions

EXECUTIVE SUMMARY

- **Executive Summary:** AI & Design Research (July 14, 2026)
- **Advancements in AI Reasoning & Simulation:** Skyfall AI launched the **MORPHEUS** platform, a specialized environment for continual reinforcement learning, while ByteDance introduced **UniVR-34B-Planning**, a 34-billion parameter model explicitly optimized for high-level reasoning and planning tasks.
- **Enhanced Design-to-Code Capabilities:** Anthropic has upgraded **Claude Code** with a sandboxed in-app browser, enabling the AI to directly interact with live websites and reverse-engineer UI components via a new "select element" feature, significantly streamlining design-to-development workflows.
- **Direct AI-to-Production Workflows:** New Model Context Protocol (MCP) servers from **Tiiny Host** and **Markifact** now allow users to publish live websites and manage Google Ads campaigns directly within Claude and ChatGPT interfaces, removing the need for local infrastructure or manual dashboard navigation.
- **Enterprise Agent Security & Scalability:** Addressing the rise of autonomous systems, **Okta** unveiled an identity-centric security framework that treats AI agents as managed identities with granular entitlements and "kill-switch" controls, while **Digital.Marketing** expanded its platform to enable agencies to deploy white-labeled, multi-step agentic workflows at scale.

SECTION 1 — NEW AI MODELS

[Skyfall AI Releases MORPHEUS Benchmark] | [2026-07-13] | [https://vertexaisearch.cloud.google.com/grounding-api-redirect/AUZIYQFc9lx85BlvplAtZtnCiPsDbx5N6wrGeV_0zJLlegRplF8xcfbXk77mxo5F0xyCbH9syPgGn70FAC1hlgU1LXYAxmtp9vr4dZNGkvyQ2QSeZVapm5mofCvi5GuKYdJEyJRVkOKT8B4CajUgzY51Zbz4DxWxeBxjtG0nbNNjTafXCyjsD83zZfoeqL1mRO9w9NWogJ-ICy1vyXuktKOL86YGolv-1WQEeIMXr_IJuVwsYNuFAKW9kCEzHGn7k80epmvV9lfSWrtSkhwcgK5hnIVn2ppfj6qFjUmDSuNJzC-63XrQKiLdLRHdXsN9e8ZrNJ0bnOh0e2BEUJx8Hrc8h7w==] | [Skyfall AI introduced MORPHEUS, a persistent enterprise simulation platform designed for continual reinforcement learning (CRL) in non-resetting environments.]

[ByteDance Releases UniVR-34B-Planning Model] | [2026-07-13] | [https://vertexaisearch.cloud.google.com/grounding-api-redirect/AUZIYQGlyH09J2piHZUnP_q7Zoz2yY5Z362wZ3UQEvPGD3TRQkCpKNFZWJvu4aeIJOqSFL6RMDelH3pziUc7TzZi5eBEWtrHWYQ0HAKnWApzq31gLkFm7cPcGjb-Od6frDWp4exVQ4M=] | [ByteDance launched the UniVR-34B-Planning model, a new large language model focused on planning capabilities.]

SECTION 2 — DESIGN-TO-CODE

[Anthropic Releases In-App Browser for Claude Code] | [July 13, 2026] | [<https://www.inc.com/julie-lee/anthropic-just-gave-its-ai-coding-tool-a-built-in-browser-heres-why-users-will-love-it.html>] | [Anthropic added an in-app,

sandboxed browser to its Claude Code desktop app, allowing the AI to interact directly with live webpages and reverse-engineer designs via a "select element" feature.]

SECTION 3 — AI IN UI/UX DESIGN

No new items found

SECTION 4 — AI WORKFLOWS & AUTOMATION

****Tiiny Host Launches MCP Server**** | July 13, 2026 |

[URL](https://helpdesk.tiiny.host/en/article/how-to-connect-to-the-mcp-server-with-claude-14z1okp/) | Tiiny Host released an MCP server that allows users to publish live websites and files directly from AI assistant conversations in Claude.

****Markifact Launches Hosted Google Ads MCP Server**** | July 13, 2026 | [URL](https://theaijournal.com/markifact-launches-google-ads-mcp-server-for-claude-and-chatgpt-with-human-approved-changes/) | Markifact released a managed Google Ads MCP server, enabling AI assistants like Claude and ChatGPT to analyze performance and manage campaigns without requiring users to maintain local infrastructure.

****Okta Announces AI Agent Security Framework**** | July 13, 2026 | [URL](https://www.marketbeat.com/originals/okta-fireside-chat-reveals-plan-to-secure-the-coming-wave-of-ai-agents/) | Okta revealed an identity-centric framework to secure "agentic AI" by treating AI agents as first-class identities with integrated discovery, entitlements, and kill-switch controls.

****Digital.Marketing Expands White Label Agentic AI Solutions**** | July 14, 2026 |

[URL](https://www.digital.marketing/) | Digital.Marketing announced the expansion of its agentic AI platform to allow agencies and consultants to deliver multi-step marketing automation workflows under their own brands.
