

# AI & Design Daily Digest

2026-10-04 | Powered by Gemini API + GitHub Actions

## EXECUTIVE SUMMARY

- ### Executive Summary: AI & Design Research (October 2026)
- \*\*Aleph Alpha Launches Kolibri:\*\* The company released "Kolibri," an open-weight, 78B-parameter Mixture-of-Experts (MoE) transformer model. Designed for English-German bilingual support, it offers a high-capacity context window of 1 million tokens.
- \*\*Framer Integrates "Skills":\*\* Framer updated its AI agent with "Skills," a new feature enabling designers to train the AI on proprietary design systems, specific brand voices, and CMS workflows.
- \*\*Enhanced Design Scalability:\*\* The introduction of Framer Skills significantly improves cross-project consistency, allowing teams to automate repetitive tasks by reusing specialized workflows taught to the AI.
- \*\*Expansion of Open-Weights Ecosystem:\*\* The Kolibri release provides enterprise-grade, large-context capabilities for developers, signaling a continued shift toward high-performance, open-weight models for complex linguistic tasks.

## SECTION 1 — NEW AI MODELS

**[Kolibri Model Release]** | [October 3, 2026] |
